

### Biographical Sketch

**Name: Gerardo Bosco MD PhD**

Residence: via A. Cavalletto n.12, 35122 PADOVA

Professional Address: Dept. of Biomedical Sciences, Laboratory of Environmental and Respiratory Physiology, Via Marzolo 3, 35131, Padova

University of Padova- ph.: +39 0498275297; fax: +39 0498275301

e-mail: gerardo.bosco@unipd.it

Place and Date of Birth: Benevento, 28/06/1971

Married with Natalie and father of Adriano, Vittoria and Laura

### EDUCATION/TRAINING

#### Positions and Employment

MD, University of Chieti-Pescara

PhD in Muscle Pathophysiology, University of Chieti-Pescara and SUNY Syracuse USA

Residency in Diving and Hyperbaric Medicine (3 years) and in Nutrition Sciences (clinical nutrition 4 years) at University Hospital G d'Annunzio Chieti Pescara.

1999/2000- Researcher, Dept. of Biomedical Sciences, School of Medicine- University of Chieti.

2000/2002- Research Scientist, Dept. of Anesthesia, Experimental Physiology, SUNY, Syracuse NY.

2002- Hyperbaric Physician Centro Iperbarico di Ravenna

2003- Researcher on contract (Circadian pattern and hypoxia in humans)- University of Chieti and McGill University Montreal.

2003/2005- Medical Director CEMSI, Istituto salernitano di medicina iperbarica

2003/2005- Medical Director Diving emergency, Marina di Camerota-Palinuro ASL SA 3

2006/2010- Senior Researcher Dept. of Physiology, School of Medicine, University of Chieti

2010- Scientific consultant for Diving and Hyperbaric Medicine, Adriatic Sub (Oil Company).

2009/2011 Hyperbaric Physician Istituto Città di Brescia, Italy.

- Scientific Consultant in Clinical Nutrition and Wound Care at Policlinico di Abano, Italy.

2011 to date Assistant professor MEDF-01, Medical school, University of Padua, Italy

2014 National academic qualification as Associate Professor

2014 to date International Board member Duke Dive Medicine, Durham NC USA

2015 to date Director Master II level in Diving and Hyperbaric Medicine and High Education Course in Technical and Health Management in the Hyperbaric Chamber environment. University of Padua.

2017 to date Associate Professor M-EDF/01, department of Biomedical Sciences, University of Padua

2016-2018 Vice President UHMS Undersea and Hyperbaric Medical Society

2019-2020 Vice Dean Sport Sciences School, University of Padua

2019-2021 Member GAV Sport Sciences School

2019-2022 Member at large EUBS (European Underwater Baromedical Society)

2021-2022 President of SIMSI - Società Italiana Medicina Subacquea e Iperbarica

#### Teaching and training experience

1999 - 2009

- Course Title "human physiology" for second year medical students. University of Chieti

2000-2001

- Courses: Committee for the Human Use of animals (CHUA) and IRB training course. SUNY, Syracuse

2001

- Course: Physiology and locomotion. SIF- Rovereto

2003 - present

- Visiting professor for HBO, University of Greifswald, Germany

2005 - present

- Consultant and Visiting professor for Diving Physiology. Dept. of Anesthesia-USF, Tampa
- Consultant and Visiting professor for Hyperbaric Medicine. Dept. of Anesthesia-SUNY, Syracuse.

2011 - present

- Human and Environmental Physiology at Medicine and Sport Sciences School
- Medicine, courses in residencies school (Sport Medicine, Anesthesia)
- Diving and Hyperbaric Medicine, School of Medicine

2014-present

Chair and scientific director:

- Master II level in Diving and Hyperbaric Medicine
- High education course in Technical and Health management in Hyperbaric Chamber environment

2020

- Course Title "Iperbarica" for the Master's Degree in Skin and Wound Care Management of the Department of Neuroscience DNS. University of Padua

### **Other Experience and Memberships**

1996: Course on astronaut selection and training. ESA-Koln, Germany

1997-1999: Researcher during iced-lake immersion with Breath-hold and Scuba (Verney lake, Monte Bianco)

1998-1999: Scientific consultant on military training. ComSubin Italy Navy

2002-2015: Scientific coordinator for Endless Diving Project (36h prolonged scuba diving).

2005-2007: Functional evaluation of cross-country skiers (project Val Fondillo)

2007: Prevention of decompression disease using preoxygenation. (Youth Project 2007) Funded by BAMS, Ud'A Chieti.

2008: Chronic hypoxia: fertility, metabolism, muscle adaptations and psychophysical performance. Shisha Pangma 2008- Research Project Funded by BAMS, Ud'A Chieti.

2009: Stem cells and hyperbaric oxygen therapy. Funded by ASPATI and Dep. Of Anesthesiology (Dir. Prof G Vezzani), the Vaio Fidenza Hospital.

2010: Hyperbaric oxygen therapy and antioxidant drugs. Cooperation with Hyperbaric Institute Villafranca (VR).

2011 to date: (1) Drosophila in hypoxic and hyperoxic hyperbaric environment: cellular respiration. (2) The mechanical ventilation of rats exposed to hyperoxia hyperbaric. (3) Dissemination and apoptotic index association of chemotherapy and hyperbaric oxygen therapy in pancreatic cancer cells. (4) Clinical study: effects of hyperbaric oxygen therapy as preconditioning in pancreatic surgical patients. Convention Dept. Biomedical Sciences-University of Padua and ATIP hyperbaric medical center of Padua. (5) Ketosis and pathophysiology: research and clinic: Mech Lab-University of Padua.

2014-2019: Bone re-modelling and HBO, funded by ASPATI and ATiP

2015-2018: Molecular cross talk between muscle and adipose tissue: effects of diet and exercise in obese individuals, post-doc project, funded by University of Padua and UFFER foundation (USA).

2015-2020: underwater 12-lead exercise ECG project, funded by "Federazione Medico Sportiva Italiana", in collaboration with "Y-40 swimming pool".

2017 – Board Member for the PETROMAKS2 Program by The Research Council of Norway.

2018 to 2021– Secretary of the Human Ethical Committee, in the Department of Biomedical Sciences, University of Padua

2018-2021 – Project Pg1: Human Arterial Blood Gas analysis in open water at 40 meters. In collaboration with Duke University and Tampa General Hospital (USA).

2020-2022 – Project N00014-20-1-2579: Breath-Hold Diving: Mechanisms of Hypoxemia and Decompression Stress. In collaboration with the Office of Naval Research (ONR) of the US Navy and Marine Corps (USA).

**Scientific societies:** SISMES, EUBS, SIMSI Italian diving and hyperbaric medical society (Board member), IIM Interuniversity institute of myology, SIF Italian Physiological Society, UHMS (VP), International Faculty member-Duke Dive Medicine (USA).
